Football Practice Will Start Friday At Yoe High Grid Field

Two-a-day practice sessions for 60 Yoeman gridders start 8 a.m. tomorrow at Yoe Field, according to Leo Jackson, head mentor at YHS.

Gridiron candidates will head for the Yoe Gymnasium for check-ups and practice uniforms for the fall season. The Yoe eleven will meet Rockdale September 13 here in the first game of the season.

First practice sessions will be light, Jackson said. He plans heavier workouts next week after school starts.

Friday — 8 a.m. and 4 p.m.
Saturday — 7 a.m. and 7:30 p.m.
Monday — 7 a.m. and 7:30 p.m.

Jackson has 17 returning lettermen on his roster, including his 1956 starting backfield.

Assisting Jackson again this year will be Line Coach Jim Speer and Backfield Coach Murphy Webster.

After classes begin Tuesday, the Yoemen will begin regular afternoon practices following school hours.

Eleven of the 17 returning lettermen are seniors, Jackson said. They will form the nucleous for Cameron's offensive and defensive teams this year, he added.

Sixteen 1956 B team players will be out to break into the starting lineup, where Cameron was hardest hit by graduation this spring. All seven 1957 seniors were linemen, including all-conference Monroe Bayer.

But back in the line-up will be all-district Guy Dillon, 195-pound fullback and second team all-district Warren Rinn, fleet Yoeman halfback.

Coach Jackson has no information on the Rockdale eleven his squad will meet in season opener here in two weeks. Rockdale plays its first game September 6.

The Yoe squad will average about 165 pounds in the line and about 160 in the backfield with Dillion in the line-up.

Cameron is rated a co-favorite with University High of Waco and Stephenville to take the 9AAA crown.

150 Attend Annual Firemen's Barbecue

About 150 Cameron volunteer firemen, their wives and guests attended an annual ladies night barbeque August 21 at the Knights of Columbus Hall.

Highlight of the evening was presentation of an honorary membership in the sheriff's department to Olen Culberson, state railroad commission chairman, by Carl Black, Milam County sheriff and chief of the Cameron volunteer firemen.

Also honored for 35 years service with the city fire department was Frank Richter, veteran firetruck driver, who was presented with a bronze plaque honoring his service to the Cameron department.

Culberson, of Austin, extended his appreciation for the honorary membership. Richter thanked the city firemen for the plaque.

Culberson has been a member of the state fire marshalls association for 37 years, Black said. He was also the first volunteer fire chief in the state of Texas.

Black said that Richter had served long and well in his job with the city fire department. Richter has never had an accident in 35 years of driving for the department.

Also introduced were Joe Mikolaj and Rudolph Encke, staff members of Culberson's office in Austin.

Master of Ceremonies John Andres introduced guests that included city councilmen and city department officials.

R. P. Sheguit prepared the barbecue served by the firemen.

County Awaits Cotton Harvest As Maize Closes

Milam County cotton crops went into final stages of growth before general picking starts next week, while the maize crop reached its peak late last week.

Agriculture officials and growers say that cotton will vary from one-third bale to one-bale production this year. County output is expected to be between 15,000 and 20,000 bales.

All three gins in Cameron had taken in several hundred bales of cotton with heavy ginning schedules expected to start next week.

Sharp reported its first bale last Friday as Ben F. Kraatz brought in a 470-pound bale. Davis Gin ginned the bale free.

Pickers were busy early this week in the south part of the county.

The corn crop continued to look equally as good as the maize crop in Milam County, officials said. Ear corn is bringing $1.10 in Cameron at the Wilson Mill.

Milam Grain Co. reported that its maize storage facilities were filled. Company officials said that 53 cars had been shipped and 120 cars stored.

Wilson Elevator noted that their facilities were full late last week. The Wilson facilities are still under construction.

Grain officials said the maize is being shipped overseas since the domestic market is not too good.

Football Tickets To Go On Sale Soon

Season football tickets will go on sale for the 1957 Yoeman fall season Friday night, September 6, at the superintendent's office, Ben Milam School, Supt. Wiley Loughmiller announced today.

He said the $5 reserved seat tickets will be available to the public from September 6 until the first game of the season with Rockdale September 13.

The homegame season tickets will be good for five home games scheduled during the fall season.

They are: Rockdale, September 13; Bryan, September 27; Rosebud, October 11; Killeen, November 1; and La Vega, November 22.

Services Held Here For B. Slocomb, 78

Funeral services for B. Slocomb 78, were held yesterday afternoon at the Marek-Burns Funeral Home. Services were conducted by the Rev. Don Van Dien of the University Christian Church in Fort Worth.

Burial was in the Oak Hill Cemetery.

Slocomb died in Marlin Tuesday morning. He was born in Cameron December 9, 1878, and had lived here all of his life.

Survivors are his wife, Mrs. B. Slocomb, Cameron; one son, Freeman Slocomb, San Antonio; one daughter, Mrs. Nancy Ree Hagood, Fort Worth; one sister, Mrs. W. S. Brewer, Cameron and four grandchildren.

Walkers Creek Group To Meet Sunday

The Walkers Creek Cemetery Association will hold an annual meeting Sunday at the Walkers Creek Baptist Church, when the guest speaker will be the Rev. M. O. Cheek of Waco, former missionary of District 14.

V. L. Angell, president of the association, reminds members to bring a basket lunch.

Odous Tindall Passes Away In San Antonio Tuesday

Odous C. Tindall passed away at his home in San Antonio late Tuesday afternoon. He is the son of Mr. and Mrs. Heber C. Tindall, 406 N. Crockett, Cameron.

The body will remain at the Roy Akers funeral home until the funeral service at 2 p.m. today in the Trinity Baptist church in San Antonio.

Association Honors Denson With Award

A certificate of efficiency has been awarded to Joe C. Denson, owner and manager of the Cameron Merchants Association by the Associated Credit Bureaus of Texas.

The award certifies that Denson has completed a prescribed course of study and met other requirements established by the Associated Credit Bureaus of Texas.

Mary Ellen Richter

Miss Richter Wins Area Dress Revue

Milam County District 4-H Club Dress Revue entrant, Mary Ellen Richter, walked away with top honors at the District Eliminations in Stephenville, Wednesday, August 21.

Fourteen 4-H girls from District 8 were competing in the revue.

Top contestants were: Mary Ellen Richter, Milam County; Margaret Hlavanty, Hill County, Caren Jean Linberg, Bosque County; Jan Tongate, Brown.

These four girls will model their garments in state competition Rural Youth Day at the State Fair October 5.

Miss Richter won top prize in county competition before going to the district contest.

Buckholts Gridders Start Workouts

The Buckholts Badgers started gridiron training Monday for a 10-game schedule that opens against Oakwood September 6 at Buckholts.

Coach Louis DeWald saw 15 candidates turn out for the first practices this week. His team, minus three seniors, face a 8 home, 2 away schedule in six-man football play.

The group has been practicing under the lights this week.

The Buckholts football schedule is:

Sept. 6, Oakwood, home; Sept. 12, Hutto, home; Sept. 20, Pflugerville, away; Oct. 4, Coolidge, home; Oct. 11, Liberty Hill, away Oct. 17, Flat, home; Oct. 24, Jarrell, home; Oct. 31, Sharp, home; and Nov. 7, Oglesby, home.

$ Day Specials Due Monday In Cameron

Labor Day will be a shopper's holiday in Cameron as Milam's county seat stores will be open offering dollar day specials for the back-to-school shopper.

Quality merchandise at a savings will be offered in Cameron stores as monthly specials await Milam County shoppers Monday, Labor Day.

Stores in most surrounding towns will be closed Labor Day, chamber officials point out, but Cameron merchants will keep their doors open for shopping convenience of Milam customers.

Cameron banks will observe an official holiday Monday. Closed also will be the Cameron Postoffice in observance of Labor Day.

Stores will observe regular hours throughout the city, officials said.

The extra service will give countians extra opportunity to get the clothes and school supplies needed for classes which begin in Cameron and most county schools Tuesday.

Public Hearing Set Sept. 17 For 1957-58 City Budget

1,150 To Begin Classes Tuesday In Milam Schools

Ten county common school districts will have about 1150 students starting classes Tuesday, according to County Supt. Hinton Pruitt.

Forty-seven teachers will open classes Tuesday in Davilla, San Gabriel, Marlow, Ad Hall, Marak, Maysfield, Buckholts, Sharp, Burlington and Branchville.

Supt. Pruitt listed the following white teachers:

Fire Burns 50 Acres On Vogelsang Farm

Cameron volunteer fire department saved the house and barn on Ivan Vogelsang's farm at Ben Arnold Sunday afternoon when a grass fire burned 50 acres of pasture.

Frank Richter Sr., veteran fire truck driver, described it as the largest grass fire he had ever observed. It took firemen about four hours to get the fire under control.

Schools To Open

Officals Expecting 1,475 Pupils Tuesday

A total of 1,475 students are expected to start classes in Cameron schools, according to a poll of city school officials.

The total includes an estimated 950 students in Ben Milam, Ada Henderson and Yoe High School, Supt. Wiley Loughmiller said today.

About 150 grade school students already are enrolled for classes at St. Anthony's parochial school, according to the Rev. Alfred Kallus, assistant pastor of St. Monica's Catholic Church.

In O. J. Thomas School, Principal John H. Williams reported that 375 Negro students are expected to begin classes.

Spring Census Figures

Attendance estimates were based on census taken last spring according to Supt. Loughmiller.

He pointed out that many new students will probably swell the total attendance within the first month of school.

White student attendance in 1956 in Cameron public schools totaled 1,067 by the end of the year, Loughmiller continued.

Attendance last year at O. J. Thomas reached 421.

YHS Enrolling Today

Enrollment of senior high students was underway today with band members and athletes enrolling at 8:30 a.m., seniors and juniors at 10 a.m., sophomores at 1 p.m. and new students at 2 p.m.

O. J. Thomas students will enroll Monday afternoon, according to Williams.

All teaching positions at Cameron public schools have been filled, Supt. Loughmiller said. Sixty-six teachers are listed on the public school faculties this year.

The Cameron school budget, approved by the school board last week, is $426,017.

Jaycees Start Work On Brenham Train

Cameron Jaycees Monday night finalized plans for the football train to Brenham with final committee appointments and plans to sell tickets throughout Cameron early in September.

President Don Humble called for complete co-operation of the organization in making the football train to Brenham a success.

The Yoe High School band has already made plans to make the trip on the train, he pointed out.

The train will leave the Santa Fe station about 5:30 p.m. in the evening and be in Brenham by 6:45 where buses will meet the Yoe High School grid fans.

The train will leave about 30 minutes after the game and return to Cameron, Jaycee officials said.

Jaycees also are planning a pre-Brenham game football rally September 19 with a parade and bonfire. The Yoe High School student and area parade units are expected for the parade, Humble said.

Ticket Chairman Dana Kestenbaum pointed out to Yoe grid fans that the roads to Brenham are hazardous due to construction work going on or poor roadways south to Brenham. It is a 60-mile drive to Brenham.

The Brenham game is the second game on the Yoeman football schedule.

Humble said arrangements have been completed for the train to the game. Milton Brown is general chairman of the project.

Big Crowd Attends K of C Public Picnic

A record throng of 1,500 people attended the seventh annual K of C picnic Sunday at the K of C Hall.

Dr. John Boyce, president of the KC's, said the turnout was the greatest in the history of the event, a day-long picnic-dance.

He said the group served more than 1,000 lunches and dinners to the crowd.

Mayor Submits Budget Outline To Councilmen

A public hearing is scheduled Tuesday, September 17, at City Hall by the City Council to consider the 1957-58 city budget which goes into effect October 1.

Mayor Robert Weems last week submitted a proposed $117,000 budget to councilmen who are studying the 15-page document before approval next month.

The proposed budget listed anticipated revenue of $58,979.94 from city taxes after payments on bonds and interest totaling $19,010.16 are taken out.

Total tax revenue at the $1.60 per $100 valuation is anticipated to be $77,990.10. Total valuation of property in Cameron is $5,415,537, Weems' budget proposal said.

The tax rate is divided into two segments, Weems noted. General fund gets $1.21 and bond-interest fund 39 cents.

$12,500 For Road

In his forward to the proposed budget outline, Weems pointed out that he had set aside $12,500 for curb and guttering US 77-SH 36 through Cameron. The state is ready to place the widening project on its building schedule contingent on Cameron's ability to curb and gutter the widened street.

Mayor Weems noted that the city can expect $6,742.10 in increased tax revenue next year.

The budget outline shows a detailed breakdown of anticipated revenue and expenditures for the city water and sewer departments and other departments of city services.

The proposed budget includes $1,000 for new parking meters to replace old ones and $1500 for labor and repairs on the meters.

Bank Balance Given

The budget showed total bank balances as of August 1 at $26,812.59. Estimated revenue from city services is $39,966 and other income, $3,062.74. Total anticipated revenue will be $117,421.27.

Councilmen are considering estimated expenditures that include: $20,659 for the street department, $7,287 for the fire department, $16,458 for police department, $12,360 for salaries, $10,788.80 for the sanitation department and $4,200 for meter operation.

Chamber, Herald Salute Plant Manager

John Gay Is Citizen Of Month

The story about this month's Citizen of the Month closely parallels the development of Cameron's first new industry.

Your Cameron Herald salutes John Gay, plant manager of Walled Lake Door Co., as Citizen of the Month. He was selected by a vote of the Cameron Chamber's board of directors.

Gay, 36, is a comparative newcomer to Cameron as is Walled Lake Door Co. And he has been busy keeping the operation running on schedule, a schedule that lists only a few days lost time since the plant opened over a year ago.

Starting New Plant

Gay, at the time this story was written, was in Ohio City, Ohio, supervising construction on another Walled Lake Door plant. Mrs. Gay said that he has supervised construction of three plants in Arizona, Pennsylvania and here.

She told The Herald that he handles layout and construction problems for the company throughout the country.

But in Cameron he keeps 40 men employed in manufacturing Walled Lake doors for homes throughout the Southwest.

Mr. and Mrs. Gay and their four children came to Cameron from Georgetown, Ga., where he had been general maintenance director of the company's Eufala, Ala., plant, only a few miles from Georgetown.

His children are Charlotte, 16; Chris, 13; Susan, 9; and Paul, 3.

All is not work for Gay though he hardly seems to find time for leisurely pursuits, Mrs. Gay said.

The Gay family attends the First Baptist Church. And Gay has assisted unofficially in helping the Pony League Colts in practice sessions across the street from their home at 304 E. 12th St.

Busy Schedule

His plant schedule keeps him close to home, Mrs. Gay said, though he plans to take more active part in civic affairs.

His hobby interests follow fishing and hunting lines and include avid spectator interest in football and baseball.

Gay seems to have a natural talent for construction, Mrs. Gay said. Without formal training, he has worked to his present position from a job as a marine electrician during World War II at naval shipyards in Brunswick, Ga.

He went to work with Walled Lake Door five years ago.

Big Catches Spot Fishing Rodeo At Alcoa Lake

Big strings of bass, crappie and catfish were being hauled in this week as the Alcoa Lake Family Fish Rodeo was readying for first week and readying for the the second week.

Lake Concessionaire W. T. Whatley said that during the first two days of the contest almost 200 bass, 500 crappie, and some 80 other fish were brought in.

"Fishing", says Whatley, "is extremely good and should get better."

Whatley said several fishermen had hauled in more than 50 crappie, plus several bass and catfish last weekend.

Meanwhile, reservations from as far away as Dallas and Houston were being made for the Labor Day weekend. Motels in Rockdale reported several reservations, and Whatley said boats were already being reserved for fishermen during the closing days of the contest.

The big Lake, which serves the Aluminum Company of America's Rockdale Works, was "filled with fishermen" last weekend. Contest fishing began at dawn Saturday.

Mrs. W. Pierce Relates Trip To Northern States

By Mrs. Dan Robinson

Mrs. Willard Pierce left San Antonio on August 10th with her sister on a tour which took them through Amarilla into New Mexico and on into Colorado. After seeing Pikes Peak they went through the Teton Forest and into Yellowstone Park where they watched the geysers erupt. From Yellowstone they drove on north into Cardston, Alberta in Canada.

On the return trip they came through Montana and into Glacier Park where they saw snow topped mountains, streams of water and large forests. From there they came south, stopping to watch salmon come up stream and on to Salt Lake City where they took a guided tour of the city.

From Salt Lake City they visited Grand Canyon by the Vermillion Cliffs and through the Painted Dersert. Another stop was made in Las Cruces, New Mexico, where they were guests of their sister. Mrs. Pierce returned home Friday.

We are glad to report that Miss Ann Luce is home from the hospital where she had been a patient for the past three weeks.

Wayne Perrin-Mary Ann Shoemaker Exchange Wedding Vows In Dallas

Dr. Wayne Perrin and his bride, the former Miss Mary Ann Shoemaker, are now at home at 3331 Knight Street in Dallas after a brief wedding trip to Galveston.

They were married at 10 a.m. August 17th in Dickeron Chapel of the First Methodist church, the Reverend Walter Underwood officiating. Mrs. Sidney Terry presented the nuptial music.

The bride wore a beige silk chiffon sheath dress with a matching cap and carried a white Bible and white orchid.

Mrs. Bob Farrar and Dr. Douglas Perrin, brother of the bridegroom, were attendants.

The bride is the daughter of Mr. and Mrs. O. L. Shoemaker of Clinton, Missouri. Mr. and Mrs. E. A. Perrin of Cameron are the bridegroom's parents.

The bride is a graduate of a college of school administration and is employed by the Seaboard Oil Company. Dr. Perrin is a graduate of the University of Texas and the University Medical School, where he was a member of the Alpha Delta Epsilon and Alpha Omega Alpha honor societies and Phi Chi and Phi Mu meducal societies.

Following the ceremony a brunch at the Dolly Madison Tea Room was held for the couple and out of town guests for the wedding Mr. and Mrs. O. L. Shoemaker, Clinton, Missouri, parents of the bride; Mr. and Mrs. E. A. Perrin, Cameron, parents of the groom, Dr. and Mrs. E. D. Perrin, brother of the groom; and H. H. Martin, Clinton, Missouri.

Miss Beulah Faye Edmondson, Lee Roy Franklin Exchange Vows

Miss Beulah Faye Edmondson and Lee Roy Franklin were married last Thursday evening at the First Baptist Church.

The bride is the daughter of Mr. and Mrs. Hubert Edmondson and Mr. Franklin is the son of Mr. and Mrs. Auttis Franklin.

The Rev. A. F. Russell performed the double ring ceremony before an arrangement of white gladiolus.

Nuptial music was furnished by Miss Jane Russell, organist, and Miss Wanda Small, soloist.

Given in marriage by her father, the bride chose a dress of white lace over taffeta with tiny seed pearls accenting a V neckline. Her veil of illusion was gathered to a golet of tiny flowers and seed pearls.

The bride carried a white bible topped with carnations and an orchid.

Miss Beverly Rice was the bride's only attendant. She wore a dress of blue puma-silk and carried a bouquet of pink carnations. Billie Dodson served as best man and ushers were Luther Edmondson and Griffin Barrett.

Following the wedding a reception was held in the Educational Building of the church. Miss Ann Allison registered the guests.

The brides table was laid with a white linen cloth and centered with an arrangement of pink candles and white carnations which semi-circled two heart shaped cakes and the minature bride and groom. Miss Dorothy Laws served the cake and Miss Dolores Tindall poured the punch.

Others in the house party were Mrs. Smith Barrett, Miss Billy Gaines of Holland and Mrs. Harris Little of Rosebud.

After a wedding trip to south Texas the couple will make their home in Bryan, where Mr. Franklin is connected with the local television station.

Church Members Honor Solomons Friday Evening

The Rev. and Mrs. John C. Solomon and Johnny were honored Friday evening during a farewell party at the home of Mr. and Mrs. Emory Camp.

Over 100 members of the First Presbyterian church were present for the family style picnic held in the Camps back yard.

Brightly colored balloons hanging from the tree limbs added a festive note to the picnic. The three serving tables were decorated with an electric train, a toy moving van and on the childrens table, a toy suitcase.

The Solomons left Tuesday for their new home in Houston where Rev. Solomon has been called to be pastor of the Third Presbyterian church.

"Come As You Are" Is Theme For Party Honoring Miss Young

Miss Anita Archer was hostess Tuesday morning to a "Come as you are" coffee honoring Miss Barbara Jo Young, bride elect of Mr. Norwin Hughes of Vernon.

Hilarity reighned from the moment the first guest arrived barefoot, hair in curlers and wearing pajamas.

The brides chosen colors of pink and white were used in floral arrangements of pink asters, dainty fern and soft white feathers on the dining table and coffee table.

The serving table was covered with a pink cloth centered with a pink and white lazy susan which held the floral arrangement.

Refreshments of dainty filled coffee biscuits, assorted frosted fresh fruits, melon balls, pink and white mints, tiny caramel rock cookies and coffee were served to 15 guests.

The hostess presented Miss Young with a gift of her chosen crystal.

Honored guests at the coffee were the honorees mother, Mrs. J. R. Young, and her sister, Margaret.

SAVING YOUR SOIL

Hubam clover made the difference, according to J. W. Garner of Rockdale and cooperator with the Little River-San Gabriel Soil Conservation District.

What difference? The difference between 1100 pounds of maise per acre and 2300 pounds of maise per acre: 1200 pounds of maise per acre? That's quite a difference. And a profitable difference too, says Garner, because it cost him just as much to grow and harvest the 1100 pounds of maise as it did the 2300 pounds of maise.

"I don't know how much money a man makes with 2300 pounds of maise per acre", Garner figures, "but I do know that he is something like $20 per acre closer to making money than he is with 1100 pounds of maise per acre.

The Garner farm is located four miles south and east of Sharp, in the McDonald's Store Community.

According to Soil Conservation Service personnel serving the district the maise was produced on deep, productive blackland soils occupying flat to very flat slopes.

Excessive rainfall during the early cropping and growing season this year reduced per acre production on most of these soils. This being due largely to excessive wetness, low or cold soil temperatures, and low available plant food nitrogen. The land where Hubam clover had been grown suffered least from those conditions due to the improvement and corrective soil condition resulting from the growth of the legume.

A good growth of Hubam clover, properly fertilized and inoculated, has resulted in greater per acre yield increases than indicated here, according to Adrian I. Moore, Soil Conservationist. But this particular instance with the maise being grown side by side and to all particulars exact, other than clover having been grown previously on a part of the land, serves adequate notice that a good vegetative program is vitally needed on our flattest lands where wetness is a problem if maximum crop yields are to be had.

Milam County's FARM SCENE

4-H . . . News Notes

By Bennie Whiteside

Ass't County Agent

Winners of the heavy litter contest sponsored by Sears Swine Program were announced this week.

Six Milam County 4-H Club members placed in the top 30 placings but only four won awards of cash prizes., as awards were only given for the first twelve placings.

Leo Rozner of Cameron won 6th place and received a check for $12. LaNell Moraw of Cameron followed in seventh place and won $10. James Cargill of Davilla placed 11th for $7. while Johnnie Sefcik received $7. Gus Schram, Jr., of Thorndale placed 13th, and Jo Ann Hollas of Cameron community was in 22nd place.

The Milam County 4-H club grass judging team made a trip to KCEN TV Station at Temple to observe the grass plots on the station's experimental farm. Accompanying the assistant agent to Temple were: Arvell Jungmann of Buckholts; Henry Tomasek, Jr. Billy Gelner, and Adrain Richter of Cameron.

The boys compared mounted grass samples with growing samples, and they observed samples of grass from several foreign countries. They also took a conducted tour of the TV station and observed such things as how commercials and the weather forecasts are televised.

We measured corn yields on several field of corn which 4-H club members have raised. All of the corn was dryland and most of it was late corn. Estimated yields on the corn ranged from 31 bushels per acre to 46 bushels per acre. 4-H club members whose corn was measured for estimated yields were: Leo Moraw, Cameron; Arvell Jungmann, Buckholts; Buddy Inge, Buckholts; Lenwood Ruboc, Buckholts; Henry Tomasek, Jr., Cameron; Leo and Louie Rozner, Cameron; and Billy Gilner, Cameron.

August is record book month for 4-H club members as all record book which are to be entered in the district contest must be completed and turned in to the district office by Sept. 1. 4-H boys who are entering records in the district contest are: Hal Lester Senkel and Bernard Jungmann. Senkel is entering a record on crop production and Jungmann is entering a record on leadership.

Swine Show Set For Saturday At Auction Barn

Plans are made for the Swine Show to be held 9 a.m. Saturday, in the cattle shed at the livestock auction barn, Cameron, according to Benny Whiteside, assistant county agent.

T. D. Tanksley, Animal Husbandry specialist of A & M College, will do the judging. Tanksley will also perform a fat-back probing demonstration in conjuction with the show.

4-H members who are showing animals will need: 4 panels for a 4' x 6' pen, a brush, some clean rags, 1 pint of alcohol and a small amount of hair oil to be used as hair dressing, a walking cane or a broom handle about 3 feet long to aid in showing the animal, clean, dry straw or hay for bedding to keep animal clean and a pair of hand hair clippers if you have them.

Whiteside suggests that members do not full feed your animal Friday night or Saturday morning. This is to keep the animal's stomach from showing paunchiness at show time he said.

Members who are entering animals in the show are: Eugene Glaser, Buckholts: Pat Wallace, Buckholts; Dennis Moraw, Cameron; Montie Mueck, Cameron; Martin Jistel, Cameron; Linda Winfrey, Thorndale; Carolyn Gonten, Buckholts; and Wayne McLerran, Cameron, all with Sears gilts. Benard Jungmann of Buckholts will show the County boar. Norma Rummel and Gwendolyn Jistel, both of Cameron, will show the Farm Bureau gilts.

LR Cemetery Group To Meet Sept. 1

Members of the Little River Cemetery Association will meet at the 32nd annual gathering of the group Sunday, September 1, at the Little River Baptist Church, according to William C. Black, association president.

Speaker for the meeting will be Dr. Arthur Tyson, faculty member of Mary-Hardin Baylor College, Belton.

The program will include a morning worship service at 10:45 a.m., a basket lunch on the church grounds and a short memorial service and business meeting, Black said.

Black extended an invitation to all Milam Countians to attend the day of activities and renew old acquaintances. Meeting site is at the Little River Baptist Church, Jones Prarie, on FM Rd. 2347 north of Cameron.

Farmers Averaging 200 Ponds Per Year

Milam County has probably constructed as many ponds within the last five or six years as any county in the state, according to SCS officials. They have been constructed at an average rate of about 200 each year, and most are large and deep enough to be utilized for fish as well as for livestock water.

The majority of these ponds were stocked last year with bass and bluegill, and are now ready for some added fertility.

Bass grow fast only during summer and early fall - a 5 or 6 month season of abundant food. The major food is newly hatched fingerling bluegills in a bass-and-bluegill pond. A pond owner, therefore, must fertilize his fishpond all summer long to grow the most pounds and the biggest bass.

Fertile water grows green microscopic algae which feeds a heavy poundage of worms, and the worms feed more bluegills. The bluegills are unable to grow during the summer months due to their spawning and the amount of food eaten by the tens of thousands of little bluegills. Their growing period is the February to June season of the year.

Some pond owners stop their fertilization program to keep the bluegills from spawning so much, but this is a mistake, for bass can not grow unless they are well fed. A heavy poundage of bass will help prevent an overpopulation of bluegills.

This important "thinning" of the bluegill population begins in October, following their spawning season, and ends in early summer when the bluegills spawn again. Failure to maintain pond fertility throughout the spring, summer and fall results in low production of bass.

"The best ponds and best fishing require thorough summer fertility. Next year's bass crop depends on it", say SCS technicians.

442 Cattle Sold In City Auction To 44 Buyers

Consignments totaled 442 cattle Thursday at the Cameron Livestock Auction as 131 sellers were on hand to sell cattle to 44 buyers.

Auction officials termed the sale a successful one with sales up over the previous week.

They reported a shortage of cattle with the largest percentage of consignments in good butcher calves.

Demand was strong for most classes, they continued, but greatest demand was for stocker cattle.

Thursday prices were:

Irrigation Trend Upward

Rotarians last week heard J. D. Moore, Milam County agent, outline the crop outlook for the fall, but more than that, they heard him predict in optimistic terms the agriculture future for Milam punctuated with a big word . . . irrigation.

Moore said that seven years ago Milam County had only 46 acres of land under irrigation. Now it has about 2,000.

This gradual trend toward irrigated farming in Milam County gave Moore occasion to predict that cotton, once king of Central Texas crops, could stage a real comeback if produced on irrigated land. A graph he showed Rotarians illustrated that even now production per acre is higher than in peak years when the county produced 40,000 - 50,000 bales on twice as much acreage.

The Herald would like to add another word to irrigation that would mean a better economy for Cameron and Milam County. Of course the word is industry.

It is said that Milam County and Central Texas has as much stream action as any area of the state. Thus, the general move toward controlling that network of rivers and streams will mean eventual year-around water for county farmers.

Next comes irrigation.

Imagine the result if a high percentage of county farms were irrigated and Cameron landed itself several small industries to fill out a health economy.

The combination would give Mid-County Cameron (Mid-Texas Milam for that matter) a substantial means of overcoming dry-season years and general low-ebb agriculture conditions.

Some would say irrigation is too expensive. But is it not better to invest in real potential than to wait until the sun bakes crops into top-soiless ground?

THE LITTLE RIVER PHILOSOPHER

Sage Seeking Company In Inflation Fight

By J. A.

The Little River Philosopher is back on the topic of inflation, his letter this week reveals.—Ed.

Dear editar:

Like a lot of other people, I have been giving considerable thought lately to the problem of inflation, which is not the most exciting topic to think about but it beats plowing.

According to the economic index and my grocery bill, the cost of living has been going up a little every month for the last 18 months, and every time it goes up, it means a general increase in prices and wages, which in turn sends the cost of living up a little more, and if it keeps it up anybody can see it'll get completely out of hand.

Consequently, I was pleased to read in an article in a newspaper yesterday afternoon which I had been using to put on my tractor seat while I went to get a drink of water to shade it from the sun, anybody knows what happens to a tractor seat when it's left in the sun fifteen or twenty minutes in August, and when a puff of wind blew this paper off and left the seat too hot to sit on, there wasn't anything else for me to do but take the paper to the shade of a tree and read, and consequently as I started to say, I was pleased to read that some of the best minds in the country are working on the problem of inflation.

According to Gardner C. Means one of the top economists in the country, inflation is caused by "administered prices," by which he means prices aren't allowed to follow the law of supply and demand, people just set a price they figure they ought to get or can get and by a quirk of human nature the price is always up, not down.

Therefore, he says what we ought to do is stop raising prices and wages for one year, while we study the problem of mounting inflation.

I think this is a good idea and I am pleased to know that one of the nation's top economists has finally caught up with us farmers.

As you know, me and the rest of the farmers of this nation haven't raised prices in the last 12 months. I will go even further. We haven't raised em in the last 5 years. I'll pay my subscription to The Herald five years in advance if anybody will point out to me any farmer or rancher in Milam County who has raised the price of anything he sells in the last five years. Personally, the last time I raised the price of anything was the time I raised th price of a steer in 1949. I priced it at what I figured I ought to get, and bowed my neck and held out. The steer died of old age.

So, if American business and American labor will follow the pattern set by us farmers and flat refuse to raise prices for one year we'll give this new idea a complete test. It sure is lonesome testing it all by ourselves.

Yours faithfully,
J. A.

Capitol Report

New Laws Open Special Jobs In Past Week

By Vern Sanford
Texas Press Association

AUSTIN — New faces, new jobs enter the Capitol scene as laws passed in the last Legislative session go into effect.

A consolidated Texas Securities Board swung into action with a statement by newly-appointed Chairman Maurice Bullock of Fort Stockton that "all doubts (about securities issues) will be resolved in favor of the buying public."

Also appointed to the board by Gov. Price Daniel were Jay A. Phillips of Houston and Pete Rodes of Emory. An attorney, Bullock is former president of the State Bar of Texas. Phillips is a certified public accountant, former president of the Texas Society of CPAs and present chairman of the State Board of Public Accountancy. Rodes is president of the First National Bank in Emory.

Board members selected William King toe acting securities commissioner, a full-time, $10,000-a-year job. He is a former assistant attorney general and had charge of securities in the secretary of state's office.

Approving or disapproving proposed issues of both general and insurance securities will constitute the prime duties of the new agency. Formerly, these functions were divided between the Insurance Department and Secretary of State's office. It also will supervise the licensing of securities dealers and salesmen.

Governor Daniel called the new law an "outstanding measure for protecting the public against fraud and swindling."

YOUTH COUNCIL

Frank M. Wilson of Waco will be chairman of the new Texas Youth Council.

Other members named by Daniel are Louis Henna of Round Rock and Robert Kneebone of Houston.

New agency replaces the old Youth Development Council. It will have charge of the three state correctional schools for young people and the Corsicana State Home, the Waco State Home, and the Blind, Deaf and Orphan School at Waco.

Wilson is a Waco attorney and instructor at Baylor University School of Law. Henna, a member of the old Youth Council, was one of the founders of the Baptist Children's Home in Round Rock. A banker, Kneebone has been active in youth work in Houston.

My Private Movie
There was a day last summer that I keep tucked away in the back of my mind, like a miniature mental movie all my own. Sometimes, when other days aren't quite as bright as this one was, I take it out and reel off a private showing.
It was a Sunday. We'd beeen to church, Lee and the three children and I. Then we went home and packed up a big picnic lunch and took it down to the creek. It was one of those perfect summer days poets have written about. Everything tasted better than it could possibly have been. When we'd finished eating, the kids sailed their boats while Lee and I stretched out on the grass and looked up in the blue silk sky, all dotted with fleecy white clouds.
We didn't say anything, but I know that we were both thanking God for all the blessings he'd bestowed on us. I know that we were feeling, just then, particularly at peace with ourselves, and with the universe. I was thinking, too, of our kids as they'd come out of Sunday School that morning, with their bright faces glowing, and I gave a silent vote of gratitude to my parents for having raised me in the Church. Now I was able, in turn, to pass on this priceless heritage to my own children.
In this high pressure, jet-propelled age we're living in, we need so much to guide our children in the right way. Without the aid of the Church I, for one, would be at a total loss—and that afternoon I realized it, with particular emphasis.
I suppose, when you come right down to it, we really didn't do so much, that Sunday. But it was a day that left me with a feeling of family unity, of togetherness . . . . I shall never forget.
Sometimes, when things are "at sixes and sevens," a parent needs to take time out to remember just how precious a family is. Whenever I find myself in danger of forgetting—I just dust off my movie and live that Sunday all over again, to myself.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Commission Offers Labor Contact

Earl Angell, Cameron representative for the Texas Employment Commission, will have transient laborers available for area cotton picking, according to TEC officials.

He said the workers would be available by September 1 and would be in the Cameron area for about four weeks. Angell said he could be reached at Phone 707.

The contact service, he pointed out, is furnished to area cotton growers free of charge.

Angell said that he may also be contacted through Miss Lenora Bickett, secretary of the Milam County Farm Bureau office, Cameron.

Mrs. Emma Asher of Georgetown is spending the week here as guest in the home of her son and daughter-in-law, Mr. and Mrs. Jimmy Asher, 100 W. 12th.

1957: ALCOA ALUMINUM hits production peak in Texas!

Eight years ago, Texas produced hardly enough aluminum to make one salt shaker. Today, Texas ranks second in the nation in aluminum production, the Lone Star State's newest and fastest growing industry.

The development of aluminum production in Texas was brought about by Alcoa's recognition of this state's strategic location. Natural gas and lignite were available in substantial quantities for use in producing the electricity necessary for smelting purposes. These two great natural resources, brought to full utilization in the production of aluminum, made it feasible for Alcoa to invest millions of dollars at Point Comfort and Rockdale, Texas. Expansion still continues as Alcoa constructs a *seventh* potline at Point Comfort and a multi-million dollar aluminum refinery to process South American bauxite.

Expansion such as this, resulting in an Alcoa payroll of $14 million annually, plus additional millions for the purchase of parts and supplies, helps make a more prosperous future for all.
